New Company Logo

Carol & Dennis at the 2008 N.O.E.A. Exhibition

Some weeks ago after some careful thought it was decided that a new company logo was required. After using our classic Venture logo since the company was founded it was decided to design a new company logo which would be more appealing and eye catching to our clients and public alike. After many days and nights of deliberation and designing, the design which you see at the top of this newsletter is we are pleased to say, our new company logo. Although it means a lot of work involved in the changing of our letterheads, business cards etc and rebranding of our company clothing we hope you will be as pleased with the outcome as we are.
