8<sup>th</sup> December 2008

Dear Sir/Madam,

**Venture Medical Management**

Having known and worked with Dennis and Carol, in a professional capacity, for over 11 years, I am happy to endorse Venture Medical Management.

Venture Medical Management are highly respected by myself and my colleagues for their integrity, passion for events, and their ability to network at various levels, in order to assimilate the information necessary to provide the correct level of medical cover at my events.

It is reassuring to know that when planning for an event, I can rely on Venture to provide the medical cover and experience I require. Their unique dedication and expertise ensures I can relax, knowing their presence on site guarantees that event attendees are provided with the best medical advice and care, outside of an A&E unit.

Yours sincerely,

Shaun Gregory,  
Production Manager,  
Leeds Reggae and Carnival & Roundhay Park Bonfire Night.
